Select → Copy → Paste → Adjust
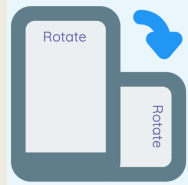

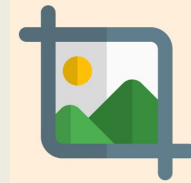

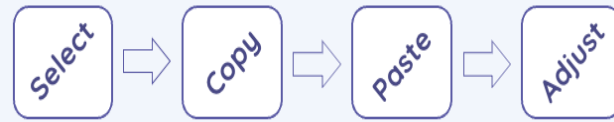

We going to look at editing a picture online. We are going to explore why we may need or want to edit a picture and what we could do with it afterwards. We will look at editing the same picture in different ways and how the final product has changed.
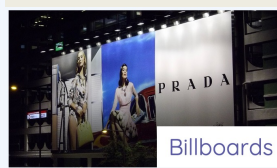

Where might you see edited pictures?

This picture has been edited. A filter has been added and it has changed the photograph. Have you ever edited a picture?
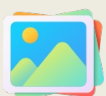

Social media

Sides of buses

Billboards

Packaging

Bus stop

These are all examples of where you might see edited photographs everyday. They are edited to advertise products, highlight good places, and capture people's attentions

Magazines

WORD AWARE
?
