Which features are **physical**?

volcano  
cave  
Barrier reef  
waterfall

Which features are **human**?

bridge  
castle  
city

### Matthew Henson

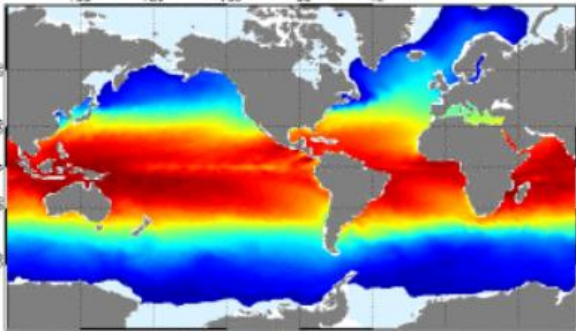

Henson was an African American Arctic explorer. He was the first man to reach the North Pole which he did in 1909.

# NPA Knowledge Organiser: Year 2 Geography - Summer 1

## Temperature of our continents

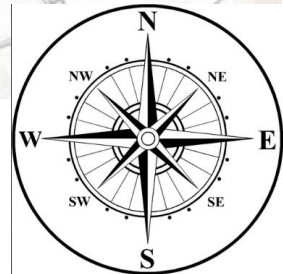

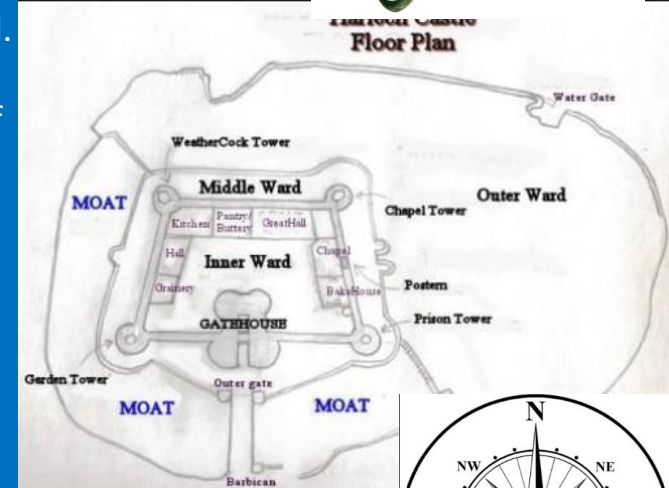

## Temperature of our oceans

By the end of this unit, you'll know:

- The key physical characteristics of the seven continents of the world.
- The key physical characteristics of the 5 oceans of the world.
- How human action impacts the environment and the landscape.
- The impact of global warming on different landforms across the world.
- That environments are changing constantly as a result of both natural phenomena and human action.

*'What you do makes a difference. You just have to decide what kind of difference you want to make.'*

Jane Goodall
